The Prospectors (video)	76		
UFO's - Close Encounters and UFO Phenomenon	44		
DOGgone Safety's Important	224		
The Tuscon Experience (video)	87		
Chain Mail and Mesh (video)	90		
Maroc - The Minerals of Morocco (video)	98		
"Mt. St.Helens" A Changing Landscape	176		
Hidden Treasures (video)	104		
Hidden Fury: The New Madrid Earthquake Zone (video)	170		
Cold Connections (video)	111		
Diamond Mines (video)	213		
Jewels Of The British Crown (video)	211		
Rock & Mineral Slide Presentation	115		
Secrets Of The Hope Diamond (video)	212		
Silver Mines (video)	214		
Treasures of Time (video)	132		
Minerals in Medicine	143		
Soapstone Carving	146		
Gold Fever (video)	151		
The Art of Flint Knapping (video)	240		

Borrowing Slides from the Southeast Federation Slide and Video Program:

Your Club must be a paid member of SFMS

Ordering Slide Programs:

- Send your request to: (Check your directory for current Slide Program Chair)
- Give at least 30 days advance notice to Slide Program Chairman when requesting programs. This gives your club's Program Chairman a chance to familiarize him/herself with the contents of the program when received.
- List at least two alternate choices. (First and second choices may not be available.)
- Give full name of your club, plus your name, address and the phone number where you can be reached.
- Give the date the program is to be presented to your club.

After the Program has been presented.

Please return within 4 days.

Before wrapping the program for return to the SFMS, check:

- Make sure video is rewound.
- That all slides are accounted for.
- See that all slides are in numerical order.
- That all slides are facing in the same direction.
- Script, and/or cassette, is enclosed.
- Please do not correct script!!! Instead, put a note in box and the Slide Program Chairman will make needed corrections.
- Return address - include club name. *
- Address to Slide Program Chairman. *
- Print "Library Rate" in lower left hand corner. *
- Insure for \$50.00! - It is more important that the slides be insured because if they are lost or damaged in the mail, they cannot be replaced.

Note 1) - Omit steps marked with (*) if return labels are used.

Note 2) - Many Postal Clerks are not familiar with "Library Rates". It covers material - including slides - being sent to or from non-profit educational organizations. If faced with this situation refer to: Section 725.1 DMM.

Warning: when slides are left too long in projector they will buckle from the heat and come loose from the frame, thus destroying a program!!
